REPORT OF AUDIT  
Jordan Bureau - FBIS

For the Period  
1 August 1977 - 30 September 1981

BACKGROUND

1. The Amman Bureau of the Foreign Broadcast Information Service (FBIS) monitors broadcasts and publications originating in the Arabic Middle East, including those of the Palestine Liberation Organization.

25X1

SCOPE

3. The audit included a review of administrative functions to evaluate the effectiveness of controls and procedures and to assure compliance with applicable regulations. Financial and logistical transactions were tested to determine whether documentation, approvals and certifications were in accordance with accounting and reporting requirements and to ensure that expenditures were within the scope of authorized activities.

COMMENTS

4. Administrative controls, procedures and records were effective and in conformance with applicable regulations. Minor administrative matters were discussed with Bureau officials and resolved during the audit.

5. One matter requiring further consideration involves the method of remitting insurance premiums for the Bureau's Foreign Service National employees. Every quarter a Bureau staff employee collects the insurance premiums in local currency. These premiums are payable at Headquarters only in dollars, so under the current procedure a Bureau staff employee must voluntarily accept the local currency and write a personal dollar check in equivalent amount to be pouched back to Headquarters; depending on the amount of premiums to be paid, two or more staff employees occasionally have to pool their checking account resources in order to write checks sufficient to cover the quarterly billing. In addition, it is necessary for a schedule to be kept to adjust for currency fluctuation from the time the local currency is collected to the time the premiums are paid. Any adjustments required are applied to the next quarter's billings. This ad hoc arrangement involving voluntary participation by individuals and use of their personal checking accounts needs to be replaced by an official means of payment.

25X1

Recommendation (For FBIS Headquarters):  
Develop and implement an alternate FSN insurance premium payment procedure which does not involve staff employees using their personal checking accounts.
